Firewalla Gold is a next generation smart firewall for homes and businesses. It is an intelligent shield that connects to your router and secures all of your digital things. It can protect your family from cyber threats, block ads, control kids' internet usage, and even protects you when you are out on public Wifi.

Key Features and Benefits

Complete Cyber Security Solution

- Firewalla Gold is a multi-gigabit Firewall, Router, IPS, IDS, with added behaviour analytics a network management station, all combined into one!
- Continuously scans for security vulnerabilities and risks.
- Firewalla's Intelligent analytics for abnormal behavior warning.

Activity and Parental Control

- Provides one-tap turn off control to all devices.
- Notifies you and blocks malicious and adult content.
- Blocks specific activities on any device (for example, block gaming for one hour).
- Integrated safe search to filter out offensive content from search results.

Privacy Protection

- Protects your privacy on the road, in coffee shops, or any public Wifi with our built-in **VPN server & VPN Client.** You'll access the web just as if you are at home.
- Our built-in Adblock feature lets you enjoy an ad-free environment on every single device you use.

Additional Features

- Advanced GEO-IP Filtering
- Network Segmentation & Lockdown
- 3 Gigabits deep packet inspection
- Device management
- Easily view, allow, block, and archive alarms
- Bandwidth Usage (Hourly, Daily, Monthly)
- DDNS allows you to safely expose internet services
- Content Filtering and activity detection
- Multiple apps manage one Firewalla
- Internal and External vulnerability scans
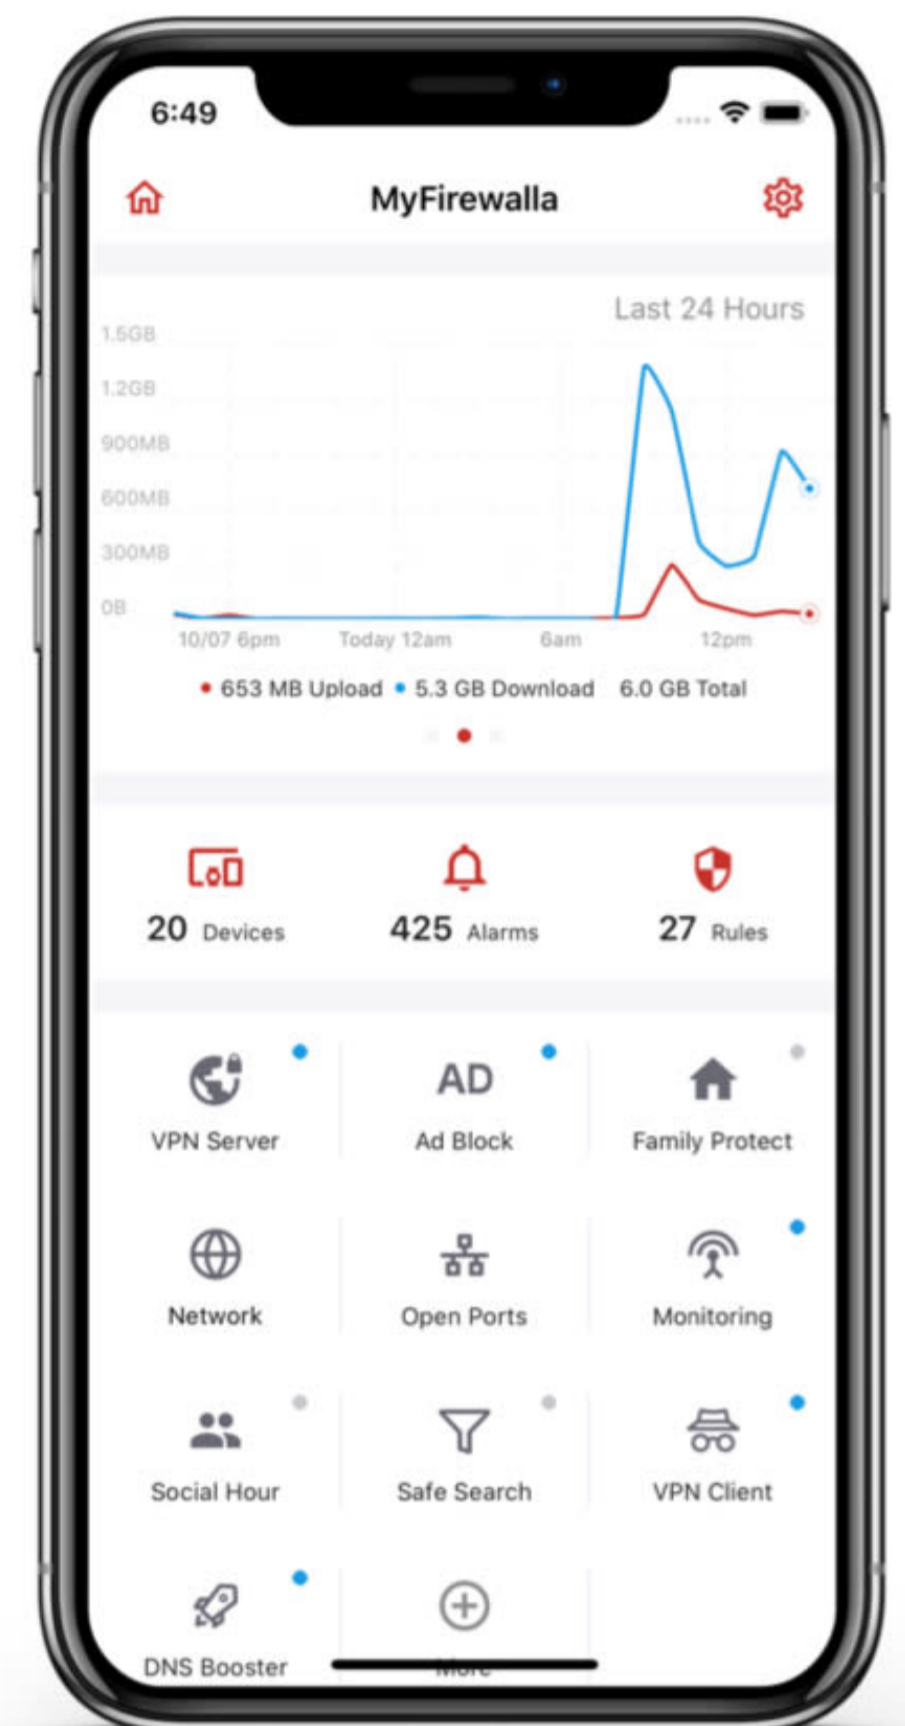

Simple to Use

Cyber security shouldn't be complex and intimidating. We believe with the right software, cyber security can be made as simple as tapping on a few buttons.

Easy to Install
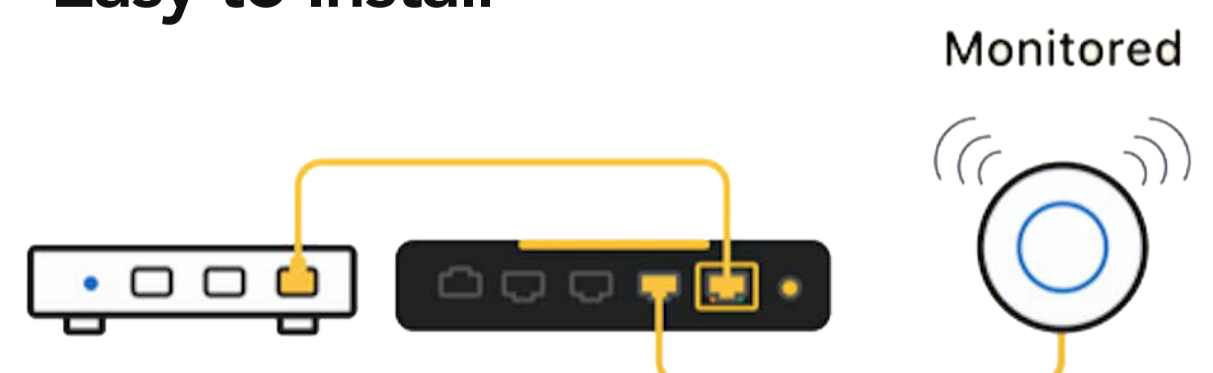

Technical Specifications

4 x Gigabit Ethernet

3+ Gbps Speed Network Segmentation It is a Router

Package Includes

- 1 Firewalla Device
- 1 Power Adaptor
- Australian Power cord
- One Year Manufacturer Warranty

	Gold	Blue
Packet Processing Speed	>3000 Mbit	>500 Mbit
Memory	4096 MB	1024 MB
Active Protect Entries	40,000	10,000
CPU	64bit Intel Quad Core CPU 2.2ghz	64bit Quad Core ARM 1.0 GHz
VPN Encryption Speed	120 Mbits	70 Mbits
Storage (SD Card)	32 GB	16 GB
Unit Weight	0.565kg	0.045kg
Dimensions (H x W x D)	13cm x 11cm x 3.4cm	4.5cm x 4.5cm x 3cm
Operating Temperature	-20°C to 70°C	-20°C to 70°C
Power Supply	120~240V/ Adaptor 12V 2A	USB 5V/2A
Ideal for	- High Speed Internet - Smart homes, Small/Medium Business, remote working offices	- High Speed Internet - Families, Professionals and Small Business
