

LTS Security Australia Competitors' Price Match Policy

At LTS Security Australia, we strive to deliver the best value on security products. Our Competitors' Price Match Policy guarantees that you receive the most competitive price on identical products offered by authorized competitors.

How It Works:

- Find a Lower Price: Spot a lower price on an identical product from an authorized competitor? Let us know!
- Provide Proof: Share evidence of the competitor's price, such as a website link or advertisement copy.
- Verification: Our team will confirm the price and ensure the product matches ours in model, warranty, and availability.
- Match the Price: Once verified, we'll adjust our price to match the competitor's offer.

Conditions:

- The product must be identical (same model number, warranty, and condition).
- The competitor must be an authorized dealer.
- The product must be in stock and ready for immediate purchase from the competitor.
- Exclusions apply: clearance items, bundled deals, or special promotions are not eligible.
- LTS Security Australia may limit quantities or exclude certain products at our discretion.

How to Request a Price Match:

- Online Purchases: Reach out to our customer service team at sales@LTsecurityinc.com.au with details of the competitor's offer.
- In-Store Purchases: Show the competitor's advertisement or proof of price to a store associate during checkout.

Our Promise:

We're dedicated to offering unbeatable prices on security solutions. If you find a better deal elsewhere, we'll match it to ensure you get the best value from LTS Security Australia.
